

Christmas Appeal

Our additional services depend on donations for their survival.

Every donation helps us reach more children and families who need our help.

As a supporter of the Craighalbert Centre, you know that fundraising is incredibly important to us. Without it, we simply would not be able to offer our additional services, as they don't receive funding from any other source. Our additional services include:

- The Parent & Baby Group: working on babies' posture and movement and teaching parents to work with their baby to help their development.
- Siblings Group: a dedicated group for the brothers and sisters of children attending the Centre's Saturday sessions. It's a play-based group and gives the siblings their own space to play and make friends, and talk about their feelings in a safe environment.
- The Hydrotherapy Pool: this fantastic resource lets the children play and learn in a relaxed and confident way that other children take for granted.

We need to raise **£200,000** in charitable donations every year for the foreseeable future.

Every donation, whether large or small, helps us towards this goal.

Can you help us?

Please help us make a difference to the lives of children and families in Scotland affected by motor impairments by making a donation this Christmas.
